

Driving Instructions: Upington to Sandfontein (approx. 4.5 hours' drive)

1. There are signs in Upington that show the way to the Namibian border on route 10.
2. The border is crossed at Ariamsvlei.
3. Once in Namibia, drive to Karasburg (which is the first town you will reach after the border, and is about 110km away).
4. Refuel in Karasburg.
5. When leaving Karasburg, take the Warmbad road (but note you are not going all the way to Warmbad).
6. The Warmbad road is a gravel road. Look out for the D208 which will be at a right turn about 10km from Karasburg.
7. Take the D208 for about 70km. You will see Sandfontein's entrance / sign on the left hand side of the road.
8. Follow signs to the lodge (about 19km).
9. The GPS co-ordinates for the airstrip are SE28-43-11 E18-30-38 (the airstrip is about 5km west of the lodge).
10. The GPS co-ordinates for the lodge are S28-42-24 E18-33-16.

Tips

- A) NOTE: Once you're about an hour from Sandfontein, **there is no further cell/mobile phone reception.**
- B) While a 4x4 is recommended to get to Sandfontein, many guests have come to Sandfontein in 2-wheel drive vehicles. Driving slowly and consistently is recommended.
- C) Namibia generally has very good, wide and well-graded dirt roads. Many drivers end up driving too fast on these roads, especially when they see others doing it. Accidents do occur as a result. Please drive slowly (max 80km/h on the best dirt roads) and carefully. ALWAYS wear seat belts.
